

FLAHIVE, OGDEN & LATSON

Advisory No. 28

**TOPIC: CONTESTED CASE LEGAL INVOICES
BENEFIT REVIEW LEGAL INVOICES**

1. Please do not pay our charges for representing your interests at contested case hearing when you receive the order of the commission. This order will precede final preparation of our invoice since we both receive the approval simultaneously. We must then cross-check to make sure our application and order of approval are identical. We will send a numbered CCH invoice to you after we receive the order approving our charges. Our invoice will be itemized and will never be for an amount more than approved.
2. Benefit review conference charges should be paid on our invoice. The commission does not independently send copies of these approvals to you. Our charges for BRCs will always be approved before you receive the invoice.

Advisory No. 28
