TOPIC: NEW RULES

Copies of ten new rules released by TWCC subsequent to our printing the 1992 Edition Manual are attached. These rules are printed as an addendum for the Manual and will be handed out with our seminar material. Eight of the ten rules are new and two of the rules have been amended (142.13 and 160.1).

Rules 133.300 through 133.304 will be of particular interest to you.

They are mailed in this format at this time to give you the benefit of the information before the seminar dates.

Please call if you have any questions.
