

**ADVISORY NO. 58.1**

---

**TOPIC: REVISED MEDICAL REVIEW FORMS WITH  
OPERATING INSTRUCTIONS**

TWCC has revised Health Care Providers filing forms and the instructions for completing each form. Attached is a list of the forms and the appropriate filing location for each form. This information is being disseminated to all HCP at the Medical Review Division Education Seminars currently being conducted around the state. The first seminar was October 13, 1992 (see FO&L Advisory 58).

Also attached is a copy of the chart from the seminar workbook for identifying the who, where and when information for each form to be filed.

Because of the recent changes in TWCC rules on Carrier returning improperly completed forms and possible administrative violations against the Carrier, specific instructions for HCFA 1500 (TWCC-67) and UB82 (TWCC-68), are being covered in a separate FO&L Advisory. Attached are forms TWCC-61 through TWCC-69.
