

**ADVISORY NO. 96**

---

**TOPIC: REVISED RULE 140.3 EXPEDITED PROCEEDINGS**

Rule 140.3 was revised by TWCC effective 9-1-93. The new revision added provisions for the commission to set expedited BRCs and CCHs on "any type of issue as defined by commission policy for which the executive director or delegate determines an expedited proceeding will serve the best interest of TWCC or the participants." This provision is in addition to issues of compensability or liability for essential medical treatment.

The attached Rule is a copy as adopted by TWCC.
