

ADVISORY NO. 99

TOPIC: ADJUSTED GROSS ANNUAL PAYROLL FOR SEASONAL WORKERS

TWCC has released the adjusted gross annual payroll requirement of an employer for coverage of seasonal workers as \$33,311.00. This payroll amount will be used in 1994 to apply against an agricultural employer's 1993 payroll, and to determine whether a farm or ranch worker is covered by workers' compensation.

Inflation was determined to be 3% during 9/92 through 8/93.
