

**ADVISORY NO. 107**

---

**TOPIC:       MODIFICATION OF COMMISSION OPERATION CONCERNING  
DELIVERY OF DOCUMENTS - TWCC ADVISORY 93-11**

Effective December 15, 1993, TWCC is revising their method of distribution for all documents and notices required to be sent to insurance carriers that provide workers' compensation coverage in Texas. As of December 15, 1993, all notices and documents will be placed in the Carrier's Austin Commission Representative Box. This action by TWCC will establish Notice to the Carrier for all purposes. This includes BRC Set Notices, First Notice of Injury, BRC Reports, CCH Reports, Appeals Panel Decisions, TWCC Advisories and other information disseminated by TWCC.

TWCC will continue to provide a courtesy copy of all documents related to dispute resolution to attorneys who have represented a carrier employer and claimant at any proceeding before the commission.

TWCC will also continue to provide notices and documents required to the Employer.
