

ADVISORY NO. 141

TOPIC: DELETIONS FROM THE APPROVED DOCTORS' LIST (ADL)

TWCC has released the attached names of nine doctors deleted from the approved doctors' list effective September 1, 1994. The doctors have been notified by TWCC that they will not be compensated by an insurance carrier for medical treatment to an injured employee covered under the Act after September 1, 1994.

Please notify your adjusters to be on the alert for these nine names. This action applies to the doctor for all roles the doctor may currently have (i.e., treating doctor, referred doctor or consulting doctor).
