

ADVISORY NO. 170

TOPIC: COMPLIANCE AND PRACTICES SELF AUDIT TRAINING

We are attaching a copy of TWCC Advisory 95-04 announcing that the Commission will now charge \$162.00 per person to provide self-audit training.

Training is required for those carriers participating in an Action Plan with the Compliance & Practices Division. The Action Plan obligates us to perform the audit traditionally performed by the Commission. The training educates the self-auditor and the process is used by the Commission. Previously this training has been provided free of charge.
