

ADVISORY NO. 192

TOPIC: SUBMISSION OF IMPROPER TWCC-21 FORMS

In an effort to reduce processing TWCC-21 forms that are not relative, the Commission has clarified their position for filing TWCC-21 forms in their attached Advisory 96-05.

File the TWCC-21 forms only for the following:

1. Income benefits are initiated.
2. Income benefits are reduced or terminated.
3. Compensability of the injury and/or occupational disease is disputed. This includes any initial contests of compensability and any subsequent disputes regarding compensability or extent of injury.
